N7. Internet safety

Selected grade(s): Grade K, Grade 1, Grade 2, Grade 3, Grade 4, Grade 5, Grade 6, Grade 7, Grade 8, Grade 9, Grade 10, Grade 11, Grade 12

Selected courses(s)

1000010 - M/J Intensive Reading (MC)
1700000 - M/J Research 1
1700010 - M/J Research 2
1700020 - M/J Research 3
1001320 - English Honors 1
1001350 - English Honors 2
1001380 - English Honors 3
1001410 - English Honors 4
1001420 - Advanced Placement English Language and Composition
1001430 - Advanced Placement English Literature and Composition
3026010 - HOPE-Physical Education (Core)
1002380 - English Language Development
7855040 - Advanced Academics: 6-8
1001310 - English 1
7810011 - Access M/J Language Arts 1
7810012 - Access M/J Language Arts 2
7810013 - Access M/J Language Arts 3
1001340 - English 2
1001370 - English 3
1001400 - English 4
1001800 - Florida
1001810 - Florida
1001820 - International Baccalaureate English Literature3
1001830 - International Baccalaureate English Literature 4
1002180 - M/J English Language Development (MC)

Selected qualification(s) of the instructors for the selected courses above *

Florida Certified Teacher
School Counselor
School Psychologist

Selected method(s) of delivering instruction *

Oral
Written

Selected instructional materials used *

iSafe
Safer Smarter Kids
Purpose Prep
Too Good For Drugs
MBF Child Safety Matters

Rationale for delivering the instruction in the courses and grades selected above *

A monthly video schedule is published for all schools K-12.

The district will use the lessons and resources from iSafe to educate students about Internet safety. More information on iSafe can be found on page seven.

2. Each month, Internet safety information will be provided to students through public service announcements during morning announcements. The monthly videos are in addition to the required lessons conducted by ELA teachers and are not in the iSafe system. The videos are located on the school's file server and in Office Video. This year, three channels were added to Office Video to access the videos: MITD Internet Safety – Elem, MITD Internet Safety – Middle or MITD Internet Safety - High. The complete video schedule can be found on page six.

3. The Media & Instructional Technology Department (MITD) will work with the District's webmaster to provide links to online Internet safety resources for parents and the community.

4. All schools are encouraged to participate in Digital Learning Day scheduled for February 27, 2020. Each school should develop activities to promote digital learning at their school. For more information on Digital Learning Day, go to www.digitallearningday.org.

5. The District has developed and deployed a desktop background to be standard for any computer designated as a "student computer" in Active Directory. The background will include Internet Safety Tips for students on the following topics: Cyberbullying Awareness and Response, Protecting Your Identity, Social Networking & Chat Rooms, E-mail, and Hacking. Illustrated below is a sample desktop adapted to meet current requirements of the E-rate Program.

Child Trafficking

1. In elementary, teachers, school counselors, social workers, and psychologists delivered lessons to each grade level.

2. In middle and high schools, the classroom teachers delivered lessons.

3. In all situations, teachers completed training in order to be able to follow the program expectations and guidelines. Counselors and administrators were always available for students who displayed any concerning behaviors.
